1. Participants are required to record their own attendance to receive continuing education credit. KAMMCO will distribute an Activity Code Sheet during the live webinar.

Participants can do this via text message, the eeds app, the eeds website, or by scanning the provided QR code. If you do not have an eeds account, you will be prompted to create one.
3. Following the live webinar, you may complete the evaluation and then access your CE certificate from your account on the eeds website.
