

2023 MED-IQ COURSES FOR KAMMCO MEMBERS

KAMMCO's partnership with Med-IQ provides our members a convenient, online, specialty-specific curriculum based on case studies that represent actual redacted medical professional liability claims. Eligible members who take at least one course earn a 2% risk management premium credit toward their upcoming policy renewal. Continuing education credits (CME and CNU) are also available. Members have until **September 30, 2023**, to complete at least one course to earn the 2% premium credit toward their January 1, 2024 renewal.

Classroom 1: Surgical Specialties/APPs

- Risk and Safety Issues
- Dangerous Workarounds
- Drug Diversion in Healthcare: What Can You Do About It?
- Interdisciplinary Approaches to Safely Manage Opioid Analgesia
- Equity vs. Equality: Examining Implicit Bias Through a Risk Management Lens
- Post Event Documentation: Best Practices

Classroom 2: Non-Surgical Specialties/APPs

- Risk and Safety Issues
- Equity vs. Equality: Examining Implicit Bias Through a Risk Management Lens
- Interdisciplinary Approaches to Safely Manage Opioid Analgesia
