

## Exclusive KAMMCO Member Benefit 2026 Med-IQ Course List

KAMMCO partners with Med-IQ to provide our members with convenient, specialty-specific, online education. Courses are based on real-life case studies representing actual redacted medical professional liability claims.

### Classroom 1 | **Surgical Specialties/APPs**

- Risk and Safety Issues
- Addiction Management: Opioids and Alternatives 
- Key Conversations: Patient-Centered Communication
- Healthcare Documentation: Ensuring Compliance and Mitigation of Risks
- Navigating Informed Consent in the Age of AI and Complex Procedures
- Professional Behaviors, Patient Respect: Avoiding Sexual Misconduct Allegations

### Classroom 2 | **Non-Surgical Specialties/APPs**

- Risk and Safety Issues
- Addiction Management: Opioids and Alternatives 
- Key Conversations: Patient-Centered Communication
- Healthcare Documentation: Ensuring Compliance and Mitigation of Risks
- Professional Behaviors, Patient Respect: Avoiding Sexual Misconduct Allegations
- Safe and Just Culture: A Cornerstone of Patient Safety

### Classroom 3 | **Emergency MD/APPs**

- Risk and Safety Issues
- From Confrontation to Collaboration: A Balanced Approach for Patients on Opioid Therapy 
- Taking a Trauma-Informed Approach to Human Trafficking
- Healthcare Documentation: Ensuring Compliance and Mitigation of Risks
- Key Conversations: Improving Inter-professional Communication
- Addressing Assumptions: Language, Literacy, and Socioeconomic Status

### Risk Management 2% Policy Credit

Eligible KAMMCO members who complete at least one of these courses, by **September 30, 2026**, will earn a **2% “risk management” policy credit** for their 2027 policy renewal.

### No-Cost Continuing Education Credits

KAMMCO members earn **free continuing education credits** by completing any of the Med-IQ courses listed here. KAMMCO covers the course and accreditation fees as a benefit to our members.

### Classroom 4 | **Nursing**

- Nursing Documentation: Proof of Excellence
- Elevating Nursing Practice Through Appropriate Delegation
- Draining the WELL from BEING: Nurse Incivility
- Nurses Leading Nurses Through Change
- Taking a Trauma-Informed Approach to Human Trafficking
- HIPAA Compliance: Mitigating Evolving Threats to Patient Safety

### Classroom 5 | **Long-Term Care and Non-MDs**

- Difficult Decision-Making: When, How, and with Whom?
- Navigating Clinical Ethics When Autonomy and Beneficence Collide
- Key Conversations: Patient-Centered Communication
- Healthcare Documentation: Ensuring Compliance and Mitigation Risks
- Addressing Assumptions: Language, Literacy, and Socioeconomic Status
- Safe and Just Culture: A Cornerstone of Patient Safety

 **Courses with this symbol should meet the [Kansas State Board of Healing Arts](#) “Category III” continuing education requirement.**
